

Group Work with Mothers Experiencing Domestic Violence and their Children in Wisconsin

Is this a DVAM Event?: No

Go live:

April 19, 2013

When: Friday, May 3, 2013 from 1:00pm-2:30pm

Through the **Growing Together Project** of the **Wisconsin Coalition Against Domestic Violence**, advocates have been assessing the impact of domestic violence on mother-child bonds and developing culturally-specific approaches to bringing mothers and children together to rebuild their relationships. In this webinar, participants will learn what focus groups with mothers and children/youth exposed to domestic violence revealed about the impact of domestic abuse on family relationships. Two community-based joint support groups for mothers and children coping with the effects of domestic violence will be presented.
