

National Day of Action: Demand Congress Act to Save Lives

Today, domestic violence advocates from around the country will be joined by countless others to demand that Congress pass a plan to reduce gun violence in America. Simply put, background checks on gun sales will save the lives of many domestic violence victims. It's up to us to make sure Congress includes this crucial provision in the law.

WOMEN MURDERED BY INTIMATE PARTNERS

In states that require a background check for private handgun sales, 38 percent fewer women are shot to death by their intimate partners.

Call Senators Baldwin and Johnson today.

All you have to say is, "commonsense gun reform including comprehensive and enforceable background checks on gun sales will save the lives of domestic violence victims. I urge the Senator to support comprehensive and enforceable background checks on gun sales."

Baldwin: (202) 224-5653

Johnson: (202) 224-5323

Thank you for taking action!
